

The Innovative Health Initiative - Opportunities for regional and local health authorities and ecosystems

This online webinar, jointly organised by the [Innovative Health Initiative - IHI](#), [EUREGHA - European Regional and Local Health Authorities](#) and [EIT Health](#), aims at promoting and disseminating the activities of the Innovative Health Initiative (IHI), including its [planned calls for proposals](#), towards regional and local health stakeholders. This will provide the participants with comprehensive information necessary for increased and meaningful engagement of regional and local authorities and ecosystems in key opportunities offered by IHI to improve and innovate health and care across Europe.

Agenda

13 May 2024 • Online – Register [here](#)

14:00-14:10

Opening & Introduction

- Michele Calabro, Director, EUREGHA
- Jean-Marc Bourez, CEO, EIT Health
- Niklas Blomberg, Executive Director, IHI JU

The introduction will elaborate on the underlying reasons and motivations for orchestrating this webinar, providing a comprehensive understanding of the driving forces behind our gathering.

14:10-14:25

General presentation of IHI

- Niklas Blomberg

The session will center on delivering a comprehensive presentation on the Innovative Health Initiative (IHI), offering insights into its mission, activities, and impacts in the healthcare landscape.

14:25-14:45

Opportunities for the regional stakeholders

- Niklas Blomberg & Michele Calabro

This part will spotlight the potential benefits awaiting participating regions and emphasizing the opportunities to propose innovative ideas. IHI will highlight forthcoming its calls for proposals, ensuring participants are informed and prepared to engage effectively. Additionally, practical examples will be showcased to provide tangible illustrations.

14:45-15:25

Open discussions

- Moderated by Michele Calabro, Niklas Blomberg, Hugh Lavery & Jean-Marc Bourez

The session will prioritize gathering insights from regions regarding their preferences and needs, ensuring a tailored approach to addressing their concerns.

15:25-15:30

Closing remarks

- Michele Calabro, Director, EUREGHA
- Niklas Blomberg, Executive Director, IHI JU
- Hugh Lavery, Head of Scientific Operations, IHI JU
- Jean-Marc Bourez, CEO, EIT Health
